Europe Invites Society to Baden-Baden

European Regional Director Kate York and German members are busily planning the European Regional Conference to be held in Baden-Baden, Germany, August 3-6.

This is an opportunity to learn more about the Society and experience tours that reflect the cultural and social aspects of our European region. Attending the European Regional will give members an opportunity to learn more about a country other than their own and develop new friendships with European neighbors.

Information on the conference can be found on the DKG Web site. Click on European Regional at the bottom of the page.

Among events planned are both pre and post conference tours of the area, including the Black Forest, cruising the Rhine, Bavaria, Freiburg, and Heidelberg.

During the conference speakers will address the attendees on Media Use and School Achievement, Social Inclusion Studies and Hands-on Concepts designed for early childhood needs.

New Orientation Guide with Slideshow Available

The International Membership Committee has completed a new orientation guide that is available on the International Web site.

Chapter membership committees will find the information and resources helpful in planning and implementing their program for inviting new members.

A new, professional invitation to membership letter is included and a slide show that highlights the purposes of the Society and the opportunities that membership affords are available in the program.

Come to Baden-Baden.
You won't regret it!

Lots to see and much to do at the European Regional Conference, August 3-6, 2011.
