Get the “Edge”

Congratulations to the newly elected state organization presidents! The Delta Kappa Gamma Society International, along with the Educational Foundation, offers opportunities to assist state organization presidents, state officers, committee chairs and chapters by offering the “Educator Edge!”

What is the Educator Edge? It is a service provided by the Society that offers professional development opportunities. Located at educatoredge.org, numerous choices are available to fit most needs.

There members will find professional development, including an awards page for information to help pay for the professional development activity you’ve only dreamed!
